SUNKEA

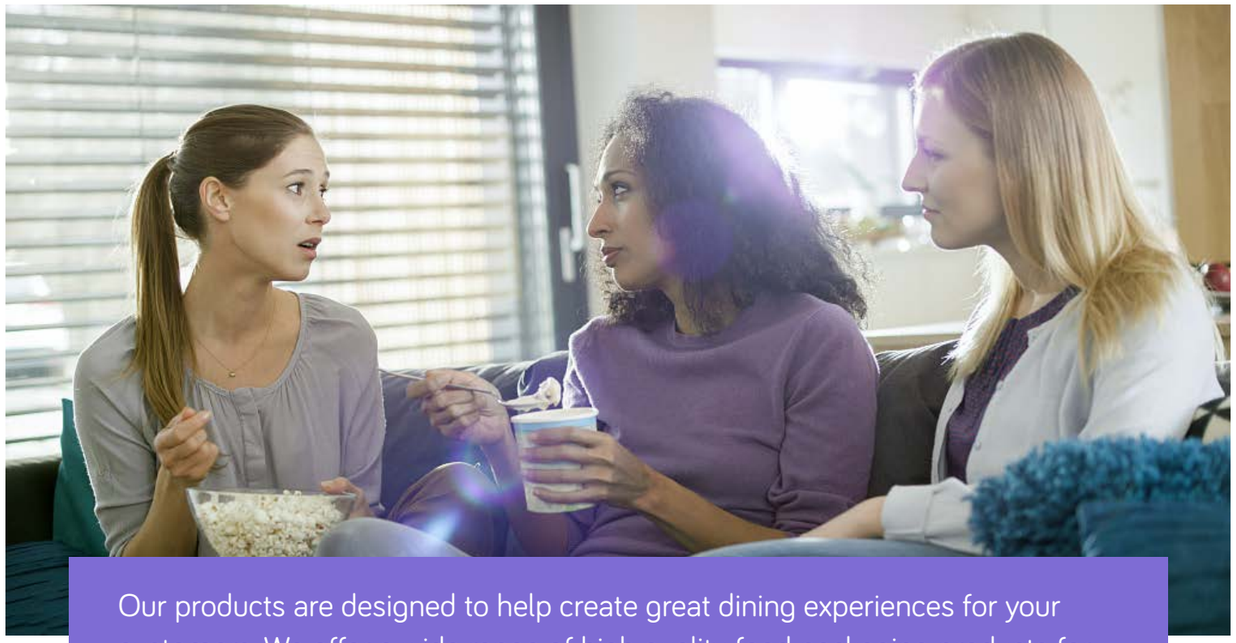
Global specialists in packaging for food and drink



Our products are designed to help create great dining experiences for your customers. We offer a wide range of high quality food packaging products for quick service and fast casual restaurants, coffee shops and cafes, convenience stores and vending operators across the world.

Sunkea began from Shanghai, one of the main gastronomy, tourism & business destinations in the world.

## SUNKEA
## who is a global food packaging manufacturer.

Sunkea was established in 2005, 17 years on the market, making us more mature and professional. With the focuses on the quality of the products, we are pushed to continuously complete the national & international certifications like ISO, FSC, SGS, FDA, etc.

We started in a small apartment by our CEO Mr. Tony Hong.
2005, we created the first brand "SUNKEA" for exportation business and second one "51cup" for domestic market. Both of them are trusted brand.

Now, let me introduce our new factory in Anhui province. It covers an area of around 30,000 square meters with 150 workers. We owned over 70 sets automatic equipment at the advanced dust-free workshops for producing paper products including salad bowl, lunch box, deli box, soup tub, paper lid, paper straw etc.

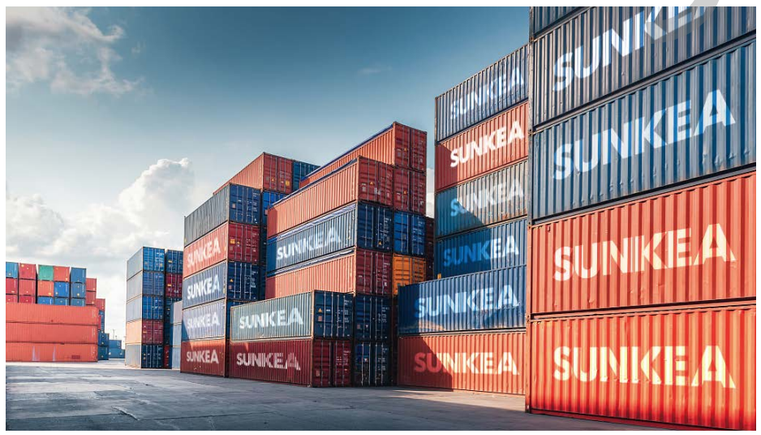
2019, we opened a branch office in Hefei,
Capital city in Anhui province of China

2020, our new factory is located in Anhui province. It not only can supply various food packaging to our clients, also our new Hefei sales team is started. Until now, we have more than 260 employees.

sunkea

Specific and professional departments like design, sales, production..
Design team make sure the artworks, printing would follow up client's intention, also they can offer professional suggestion for you.

Through 17 years of efforts and development,
we have exported to over 110 countries and regions,
also ship 150 containers per month.



Sunkea's vision is " Provide one-stop quality service for global food packaging customers".
In the future, Sunkea will continue to develop production abilities and offer more environmental disposable food & beverage packaging products.
